The George Washington University
WASHINGTON DC
175TH ANNIVERSARY 1821-1996

XVIth Washington International Spring Symposium

MEDICAL CENTER

May 6 - 9, 1996

DEPARTMENT OF BIOCHEMISTRY AND MOLECULAR BIOLOGY

Frontiers in Bioactive Lipids '96

February 1, 1996

George A. Hashim, Ph.D.
Associate Research Director
The Council for Tobacco Research-U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. Hashim:

On behalf of the faculty and students of the Department of Biochemistry and Molecular Biology, we wish to thank you and The Council for Tobacco Research for the generous contribution check in the amount of $1,000.00, which will be used to partially support the XVIth Washington International Spring Symposium, entitled **"Frontiers in Bioactive Lipids '96"**, which will be held from May 6 to 9, 1996. Your contribution will be acknowledged in the Final Program or in the Awards Brochure, both of which will be distributed to all participants. Several copies of the First Circular have been enclosed for your information.

As requested in your letter, dated January 25, 1996, these funds will not be used to reimburse any expenses incurred by participants from the industrial sector.

We are truly grateful for your support since we realize that it would be extremely difficult, if not impossible, for this Department to conduct these meetings without the generous support of companies like yours.

Sincerely yours,

Jack Y. Vanderhoek, Ph.D.
Professor of Biochemistry
and Molecular Biology
Chair, Symposium '96

Allan L. Goldstein, Ph.D.
Chairman and Professor
Department of Biochemistry and
and Molecular Biology
